Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Thursday 08 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Periods of rain on Friday and Saturday.

Today:
A mainly dry morning further south with some brighter spells. More cloud in the north with occasional rain. Turning cloudy everywhere during the afternoon with some occasionally heavy outbreaks of rain possible, possibly wintry over the Downs. Maximum temperature 12 deg C (54 deg F).

Tonight:
Cloudy with long periods of rain, especially over Kent. Perhaps turning drier in the north and west after midnight. Breezy near the coast. Minimum temperature 2 deg C (36 deg F).

Saturday:
Staying cloudy in the east with further rain. Brighter further west but with showers turning wintry at times. Maximum temperature 9 deg C (48 deg F).

Outlook for Sunday to Tuesday:
Cold on Sunday, perhaps with further coastal showers, brighter in the west. Turning milder Monday, breezy and dry with sunny periods. Another dry day on Tuesday with bright spells.
